Dear Ladies and/or Gentlemen:

Per your request, I have personally inspected the on-site structural repairs at the above referenced multi-residential building. Below are my findings:

-) All Structural items have been thoroughly completed per our plans and details, including connections. These repairs complete our 40 year Structural inspection per Broward County Building Safety Inspection Program specifications

These items have been installed in a good workmanship like manner and are in compliance with the Florida Building Code, requirements and construction documents, and are capable to resist the superimposed design loading(s).

If you should have any further questions please contact me at your convenience at (561) 798-7750 office.

HUSTAD Structural Engineering, LLC

Sincerely,

David L. Hustad, P.E.
